Four others climbed inside the aircraft and began moving bodies. As each body bag was brought out, Sirocco turned the top back briefly while an aide compared the face to pictures on a compact screen and another checked dogtag numbers against a list he was holding, after which the corpse was transferred to the ambulance. Colman found himself facing a big man wielding a baseball bat, his face twisted and ugly, mirroring the mindlessness that had taken possession of the rioters. The man swung the bat viciously but clumsily. Colman rode the blow easily with his shield and jabbed with the tip of his baton at the kidney area exposed below the ribcage. His assailant staggered back with a scream of pain. Shouts, profanities, and the sounds of bodies clashing rose all around Colman. Something hard bounced off his helmet. Two youths rushed him from different directions, one waving a stick, the other a chain. Colman jumped to the side to bring the two in line for a split second's cover, feinted with his baton, then sent the first cannoning into the second with a shove from his shield with the full weight of his shoulder behind it, and both rioters went down into a heap. Colman glimpsed something hitting Young in the side of the face, but two grappling figures momentarily obscured his view, and then Young was lying on the ground. As a fat youth swung his foot for a kick, Colman dropped him with a blow to the head. Then the capsule moved away again..Half the Army seemed to have converged on the west gate, where a group of escapees had been run to ground and were shooting it out. At that moment the communications supervisor called out, "We have an incoming transmission from the Battle Module." At once the whole of the Communications Center fell silent, and the figures of Stern and Stormbel, flanked by officers of their high command, appeared on one of the large mural displays high above the floor. Stern was looking cool and composed, but there was a mocking, triumphant gleam in his eyes; Stormbel was standing with his feet astride and his arms folded across his chest, his head upright, and his face devoid of expression, while the other officers stared ahead woodenly. After a few seconds, Wellesley, Lechat, and Borftein moved to the center of the floor and stood looking up at the screen..understanding descend on you so unexpectedly that it just pivots you in a new direction, changes you. Merrick's blue-eyed boy had let him down, and he needed a replacement. Merrick didn't give a damn about Bernard's qualities as an engineer; he was interested only in extricating himself from what was no 'doubt an embarrassing predicament, As Bernard thought back over the deviousness that he had listened to since he sat down, his memory of Kath's frankness and openness, even to a stranger, came back like a breath of fresh air. "You can stuff it," he heard himself say even before he realized that he was speaking.
